Notice Number: **BVSS6036**

Date Posted: **November 2, 2005**

Due Date for **5:00 pm on**
Comments: **Wednesday 9, 2005**

The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a "sole source" procurement is justified if there is only one product or service that can reasonably meet the state's need and there is only one vendor who can provide the product or service.

The Division of Purchasing has received a request to make the following sole source procurement.

Requesting Agency: State Of Utah, Division of Purchasing

Product and/or service to be purchased: 1 year state cooperative contract for Intoxilyzer 5000 series, Intoxilyzer 8000 with and without card reader.

Proposed Sole Source Supplier: CMI, Inc. (Owensboro, KY)

Sole Source Justification: In accordance to rule 714-500.4, Chemical Analysis Standards and Training, the instruments list above are the only approved instruments that may be used in the State of Utah for evidentiary purposes. These instruments have been approved and accepted by the Utah Commissioner of Public Safety.

Handheld portable devices are not accepted in court as evidentiary purposes. Therefore, the handhelds will be bid out in the near future.

If for any reason any party does not agree with the proposed sole source procurement, please email **BRENDA VELDEVERE** in the Utah Division of Purchasing at **bveldevere@utah.gov** prior to the "Due Date for Comments" indicated above.
